

# EWP ESCAPE

## COURSE OUTLINE

This course is designed to give participants the necessary skills and knowledge to carry out an Emergency Escape from a cherry picker style elevated work platform. Participants will be able to correctly fit and inspect fall arrest harnesses and attachments (lanyards) and descend safely via emergency descent ropes attached to the EWP bucket and self rescue techniques if suspended

. This course adds an extra level of safety to operating an EWP.

This course covers the following topics:

- Provide safe system of work
- Provide safe work environment
- Inspection of equipment
- Use of fall arrest harnesses
- Prepare to work from EWP
- Prepare to escape from EWP
